

EPA

Teresa Jones,

This is about the Canus Co. Clean  
ups in LaSalle, Ill.

My family has 4 homes in said  
area for over 30 yrs. I believe as  
others Canus has had said property  
for ages and made a fortune. LaSalle  
people are mostly poor and does  
not need to have to pay for this  
Companies problems. They have  
gotten the state to pay for the stupid  
Canus mansions bills and etc. keep  
and now they want more. They are  
so tight fisted they couldn't or  
wouldn't give a paperboy a xmas  
tip. This was my grandson so I  
know. Its too bad EPA can't  
make them solve their own  
problem.
